PRESIDENTIAL SERIES

LUXURY ROOFING SHINGLES

Presidential Shake, shown in Autumn Blend

Leadership Starts at the Top.

When you're the innovator, people take notice. And when the first-of-its-kind becomes one of the top choices in the industry, the industry follows.

The Presidential Series is the original luxury shingle created to replicate the look of cedar shakes with the performance of fiber glass construction. This is peak performance at new heights.

The Presidential Series delivers the charm and character of hand-split wood shakes with the durability and strength that presides over wood in virtually every surrounding.

Executive Style in a True Original

From the shade, texture and rustic sculpted edges of the Presidential Series to the staggered, authentic design, this is one decision that goes straight to the top. No other roofing has the performance, the durability and the stunning replication of real wood shakes like the Presidential Series. That's why we're America's finest man-made shake solution.

The Look of Wood (Minus the Worry)

The Presidential Series cost a fraction of natural wood shakes, but the benefits don't end there. Unlike wood, it won't rot or decay, and it offers excellent wind and fire resistance. Plus, with StreakFighter®, it will protect your roof from the streaking caused by airborne algae.

The Presidential Series. Don't just choose it for its two-in-one durability, originality, or even the cost advantages. Choose it for the power of its position...high above the rest.

peace of mind

CertainTeed's enhanced lifetime limited warranty protects against ANY manufacturing defects, which include aesthetic defects.

Presidential Shake® TL

- Triple-layer protection
- 475 lbs. per square

The WOW Effect

PRESIDENTIAL SHAKE® TL

It doesn't come along often.
But when you see it, you know it.

Presidential Shake TL, the luxury shingles with the look of cedar shakes and the performance of one of the finest composition roofing solutions in the industry.

With three layers of material, Presidential Shake TL is the industry's thickest, toughest and heaviest shingle. The sculpted tabs provide the look and beauty of old world wood shake but with better performance and at a fraction of the cost.

Unique, rich rustic colors are available to suit all tastes.

SPECIFICATIONS

- Three-piece laminated fiber glass-based construction for durability
- Distinctive sculpted, rustic look
- 480 lbs. per square

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

Fire Resistance:

- UL Class A
- UL certified to meet ASTM D3018 Type 1

Wind Resistance:

- UL certified to meet ASTM D3018 Type 1
- ASTM D3161 Class F

Tear Resistance:

- UL certified to meet ASTM D3462
- CSA standard A123.5

Wind Driven Rain Resistance:

- Miami-Dade Product Control Acceptance: Please reference www.certainteed.com to determine approved products by manufacturing location.

Quality Standards:

- ICC-ES-ESR-1389 & ESR-3537

WARRANTY

- Lifetime limited transferable warranty against manufacturing defects on residential applications
- 50-year limited transferable warranty against manufacturing defects on group-owned or commercial applications
- 15-year StreakFighter® algae-resistance warranty
- 10-year SureStart™ protection **STREAKFighter®**
- 15-year 110 mph wind-resistance warranty
- Wind warranty upgrade to 130 mph available. CertainTeed starter and CertainTeed hip and ridge required

See actual warranty for specific details and limitations.

You Don't Have to Go White to Go Green

PRESIDENTIAL SOLARIS® GOLD

Luxury Solar Reflective Shingles

Using cool roofing technology has been recognized as one of the easiest, most cost-effective ways of lowering energy consumption. But until now, going green meant going white.

While white is naturally reflective, Presidential Solaris Gold's innovative technology puts color where white used to be and produces a shingle that reflects solar infrared rays that are a source of heat gain through the roof.

SPECIFICATIONS

- Two-piece laminated fiber glass-based construction
- Distinctive sculpted, rustic look
- 355 lbs. per square
- Meets ENERGY STAR requirements

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

Reaching for the ENERGY STARS.

Presidential Solaris Gold shingles are ENERGY STAR qualified roof products that meet both solar reflectance and thermal emissivity requirements.

A Cool Explanation

What are Solar Reflectance and Thermal Emittance?

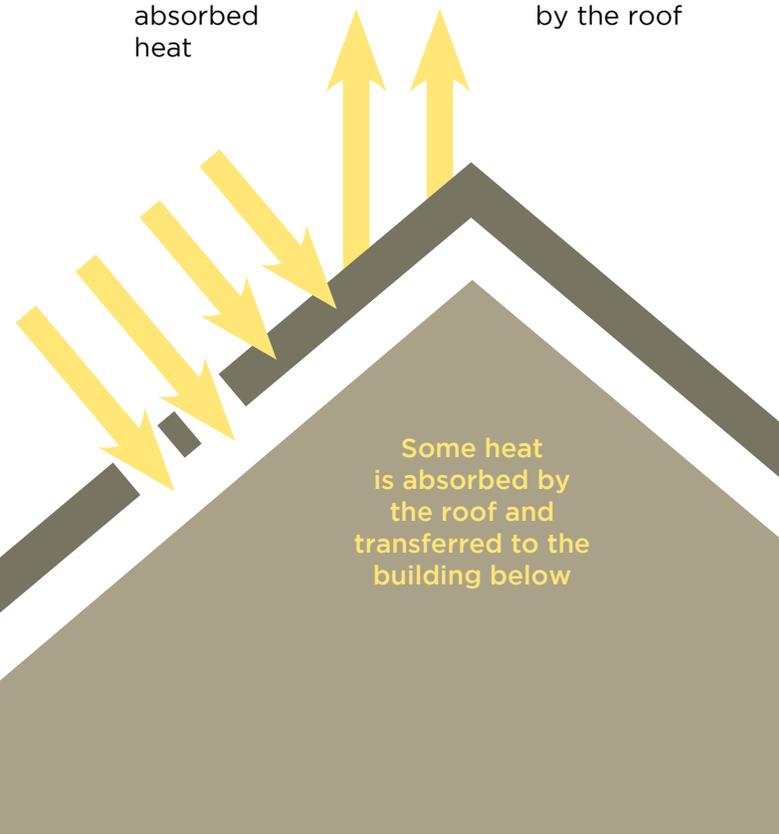

Solar reflectance and thermal emittance are the two radiative properties used to measure the “coolness” of a roof.

Thermal Emittance:

The relative ability of the roof surface to radiate absorbed heat

Solar Reflectance:

The fraction of solar energy that is reflected by the roof

Executive Privilege...

the power of Presidential Shake

PRESIDENTIAL SHAKE®

Presidential Shake is the original luxury shingle created to replicate the look of cedar shakes with the performance of fiber glass construction. Presidential Shake shingles deliver the charm and character of hand-split wood shakes with the durability and strength that presides over wood in virtually every surrounding.

Detailed, intricate design work went into this tab design for a truly distinct sculpted, dimensional appearance. Presidential Shake's laminate was created to look like the old, original wood shake look shingle.

Integrity Roof System™

Integrity is built from the bottom up. Layer-on-layer, only CertainTeed provides the peace of mind that comes with the best components performing together for peak efficiency.

1. Waterproof Underlayment

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams

2. Water-Resistant Underlayment

High-performance underlayment provides a water-resistant layer over the roof deck and a secondary barrier against leaks

3. Starter Shingles

Perfect starts every time and designed to work in tandem with the roof shingles above

4. Roof Shingles

Choose the best, covered by the strongest warranty in the business

5. Hip & Ridge Caps

Perfect finish for hip and ridge lines, complementing all CertainTeed shingles

6. Roof Ventilation

Engineered for ideal roof ventilation especially when matched with CertainTeed Intake Vents

Add a Little Accent to Your Roof.

For a finishing touch to cap hips and ridges, use Cedar Crest—available in colors to coordinate with your Presidential Series shingles. For the best performance, CertainTeed Presidential Starter is required to be used with these shingles.

Color Companion Products™ for Flat Roof Areas

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that complement some of the most popular CertainTeed shingles.

Lifetime limited transferable warranty, including 10-year SureStart™ protection, is applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

RESIDENTIAL ROOFING

The best formula under one roof.

We start with the highest-quality raw materials and add state-of-the-art technology to monitor our manufacturing process and test our finished products. The result is superior performance from beginning to end.
